In accordance with our telephone talk yesterday, I send herewith the draft national policy paper which [redacted], and I drew up on the basis of the Solarium task force studies. In this form it now goes to the Planning Board, and whatever of it emerges from that group to the NSC.

I'd very much appreciate your reactions to it, general or specific. For ready reference I enclose some recent pertinent estimates and your Task Force A report.

The courier will await your pleasure and bring back your comments and the material.

Thanks for your help. Looking forward to seeing you next week.

Sincerely,

Robert A. Looney, Jr.
